The base currency of the fund and underlying funds is Australian Dollars. No currency hedging is performed at the fund level and the fund is not hedged to New Zealand Dollars. The underlying funds invest in international assets. The following foreign currency exposure targets will apply to international assets:

- International fixed interest – 100% hedged to Australian dollars.
- International equities – 100% unhedged to Australian dollars.

The currency hedging is passive, meaning the investment manager of the underlying funds target the benchmark hedging level, although actual hedging may differ from this, due to cash flow and market movements.
