of my disinvested funds in the Scheme to the:

(receiving scheme name).

Please disinvest all my direct investments prior to transfer.

I understand that Lifetime Asset Management Limited (Manager) has sole discretion to approve or reject this application, which will be based on certified and verifiable information that I supply, or which is supplied by the scheme into which I am requesting the transfer and the adviser who is providing advice, regarding this transfer request.

I understand that I can transfer out my account balance only to an HMRC-listed Recognised Overseas Pension Scheme (ROPS) or a registered UK pension scheme (that has been approved by the Manager)

I acknowledge that if my request is approved and the balance of my account (less fees, if any) is transferred in full from the Scheme, the Manager will be discharged from any obligation to provide me or any dependants with any further entitlement under the Scheme.

I confirm that none of my account balance is subject to an earmarking, pension sharing order, bankruptcy or other impediment.

If yes, provide details:

I confirm that I have taken independent financial advice regarding this transfer request and have received a Statement of Advice from that adviser, including all fees and charges associated with this transfer, and it has been explained to my satisfaction.

I have actively sought qualified financial advice regarding pension tax for the individual and the availability of flexi-access.

I have fully considered the reasons and rationale for this transfer request and I am clear about the advantages and disadvantages of transferring my invested funds.

I confirm that I am aware that:

- In some circumstances a transfer of funds might not be a recognised transfer and may be treated as an unauthorised payment giving rise to a liability to pay tax in the UK.
- In some circumstances a future payment made or treated as made by the scheme into which I am requesting a transfer may be treated as an unauthorised payment giving rise to a liability to pay tax in the UK.
- I fully understand that transfers out of the Scheme made within 10 years of the date that the money is contributed to the Scheme are required to be reported to the HMRC, and I approve you doing so if required.

I include a completed and signed HMRC APSS263 form.

What prompted your transfer request at this time? Please tick where applicable.

I am a member of a dispute resolution scheme, and have provided the member with details of this scheme and the process to lodge a complaint.

My statement of advice to the member includes a full disclosure of commission, product costs and terms and conditions that compare the current scheme to the proposed alternative to ensure the member is fully aware of the implications of any decision to transfer away from GBSS. This also includes the rationale for the transfer being appropriate to member circumstances.

New Zealand regulations require an adviser to supply a Statement of Advice (SOA) to his/her client when entering into a contract to supply financial services advice. The SOA must include the rationale behind the recommendation to invest monies or to change investment strategies currently in place. The SOA must also detail, but not limited to, all direct and indirect charges for completing the financial services advice. Please provide a copy of your SOA or a written statement explaining the reason(s) you are recommending the transfer of your client's funds from GBSS and the fees and charges involved.

Please tick whichever of the following statements apply:
